

Aliye Canan Taşlıoğlu Sayiner

📍 Istanbul Türkiye ✉ actaslioglus@gmail.com

PROFESSIONAL SUMMARY

Aliye Canan Taşlıoğlu Sayiner completed her undergraduate degree in Psychology and her master's degree in Clinical Psychology and Health Psychology at the University of Vienna. She earned her PhD in Clinical Psychology at the University of Health Sciences. During her master's studies, she worked on scientific research projects conducted at the University of Vienna. Currently, she continues her research as a researcher in various projects at Koç University and the University of Groningen in the Netherlands. She has received training in areas such as Schema Therapy for Children and Adolescents, Cognitive Behavioral Therapy, and Interpersonal Relationship Therapies, and successfully completed the International Certificate Program in Relationship and Family Studies. She continues to work with her clients within the framework of these diverse therapeutic approaches. Her academic work focuses on investigating the impact of childhood experiences on adult relationships and psychological well-being, as well as exploring the effectiveness of personalized ecological momentary assessment and intervention methods.
